Maths	KS1 Maths (Internally assessed)	No Data Available	60%	No Data Available	89%
	KS 2 Maths	73%	84%	74%	84%

* For Key Stage 1, the last published national figure for England was from 2023, because KS1 assessments became non-statutory from 2023/24 onwards and national statistics are no longer collected or published

The **2026 KS2 results have been published in provisional form, on 10 September 2026** by the Department for Education in the release Key stage 2 attainment. The publication notes that the data are still **provisional** because some pupil characteristics data, particularly elements of the disadvantage measure, are awaiting final updates. Revised figures are expected **in December 2026** and at this point we will update our data overview.
